View from the Chair by: Diana McCampbell, LCSW

Over the past year the Board received a number of comments regarding the lack of testing sites within the state for taking the licensing exams. The Board shared those comments with the Association of Social Work Boards (ASWB) and asked for help to address the problem. ASWB initially responded that they were having difficulty locating a space to serve as a testing site. However, we recently learned that representatives from ACT will be in Alabama soon to view possible sites. This is welcome news and we hope it results in more convenient testing facilities. The Board also wrote to ASWB on behalf of licensed social workers regarding the costs associated

with taking the

licensing exam. We received a very thoughtful and courteous reply from ASWB detailing the various costs associated with the licensing exam. We all learned a lot about why the fees are necessary. ASWB's finance committee reviews the examination fees every five years and a review is up coming; Alabama's concerns will be shared with the committee when they meet.

On March 14, 2005
ABSWE received the
2004 ASWB Pass
Rates report for the
State of Alabama.
The report provides
pass rates for
licensees in Alabama
and nationally.
Again, Alabama's
social workers did not
compare favorably
with the rest of the

nation. For example, the national pass rate for 2004 for first time exam takers at the bachelor's level is 80.6%; for Alabama, it is 61.5%.

I encourage schools of Social Work within the state to request their individualized reports from ASWB and review the report to see how well your graduates are doing.

On several occasions the Board has had the disappointing job of denying a candidate's request to sit for their LCSW exam because they had not properly submitted a Contract for Supervision prior to receiving their two vears of supervision. Those individuals who provide supervision to candidates for the licensing exam

Social Workers... Do You Need Insurance?

The Alabama Chapter of NASW has been asked to research the idea of offering a group health insurance plan for social workers. A member of our state board of directors reported that it was her belief that social workers, especially those in private practice, would like the opportunity to purchase

health insurance.

If you are a social worker who is interested in participating in a group health insurance plan, please contact the chapter office. Initially they plan to determine if there is a need for this type of insurance, and if a need is identified they will

research the options and proceed from there.

Look for more information on this issue in future newsletters from NASW.
